

Science will open on a  
crossed current of front lit  
and back lit in black and  
white, utilising mirrors to  
create a glimmer in camera

# 04 — LIGHTING TRANSITION

Science will open on a  
crossed current of front lit  
and back lit in black and  
white, utilising mirrors to  
create a glimmer in camera

INNOVATION  
SET BUILD

The innovation set  
brings luxury, gloss  
and science together  
using mirrors, orb  
lighting and silhouette  
to create a magical yet  
futuristic style
