INNOVATION

As the lights shut down across our theatre stage, we transition to a real Paris location; a Salle de Bain in luxurious city apartment. The retail section could be fun, poppy and light, evoking the charisma of Paris and utilising charming filmic effects reminiscent of the French New Wave.

04 — LOCATION TRANSITION

The lights will go down on our stage and we'll cut to the sun coming up on a Paris apartment

As the sun rises we'll push into our apartment location
